FURNISHED BOYS BEER

Saloon Keeper Fined One Hundred Dollars in Police Court This Morning.

On Saturday night about 12 o'clock four boys were found in the waiting room of the union passenger station drunk and vomiting. Officers Miller and Campbell were summoned by the railroad officer and they were taken to the station house. Two were later liberated upon leaving collateral and the others were detained until this morning. The officers had in the meantime learned that the boys had obtained the beer from John Hanratty, who conducts a saloon on the east side of Henry street, near King.

When the boys were arraigned Justice Caton dismissed the charge against them upon their promises that they would go to work and not give their parents any more trouble. It was thought that imprisonment Saturday night was sufficient punishment. They were then placed upon the stand when they testified that they had obtained beer from Hanratty's saloon and that he had waited upon them. The mother of one of the youths testified that she had seen her son emerge from the saloon with bottles of beer.

Hanratty, who had been summoned to appear, said he had no recollection of entertaining the boys. Justice Caton imposed a fine of \$100 upon him.

The above case will prove interesting to the parents of certain boys who appear at times to be victims of strong drink. There is every reason to believe that Hanratty is not the only saloon keeper in this city who furnishes liquor to boys. The fate of the latter should be a deterrent to others who may be defying the laws of the state.

THEOLOGICAL SEMINARY

Next Session Will Open on Wednesday Sept. 20.

The Episcopal Theological Seminary, near this city, will open its next session on Wednesday, the 20th, of this month, with forty two students. Of these twenty-one will return and form the Senior and middle classes respectively. The same number of men (twenty-one) are entering and will form the Junior class, with a few special students who expect to remain for two years.

There have been some changes in the seminary. As noted in the report of the Commencement exercises in the Gazette last June, it was announced that Professor Crawford had resigned the office of Dean and Dr. Green was elected thereto. Dr. Crawford's resignation took effect on the first of July and he was immediately succeeded by Dr. Green, who at once entered upon the duties of his office incident to the vacation period.

Mrs. Robert T. Brooke has accepted the position of Matron in succession to Mrs. Thomas Moss. Mrs. Brooke is well known in this city. As already stated in the Gazette, extensive improvements have been inaugurated at the Seminary this summer in the placing of a large heating plant for the student's hall the chapel library and refectory. Professor Wallis's residence is also connected with the plant, as it is contiguous to the chapel. It is expected that the plant will be completed in time for the coming of cool weather. Dr. Kennedy's house is nearly finished and will be a handsome addition to the residences on Seminary Hill.

The opening service of the session will be held in the Seminary Chapel next Sunday morning at eleven o'clock. The special preacher for that occasion is the Rev. G. Freeland Peter, of St. James' Church, Richmond, Va. The Episcopal High school also opens next Wednesday with a full number of students.

SALE OF OKELEY FARM

Historic Home of Mason's, Part of Original Crown Grant to George Mason.

The sale last week is reported of Okeley Farm, containing 710 acres, located in Mount Vernon District, Fairfax county, on the Telegraph Road, for Dr. Wm. B. Mason, of Washington, D. C., to Hon. Rufus Hardy, Member of Congress from Texas.

This property is part of the original Gunston Hall tract given to George Mason by grant from the King of England, and one of the boundary lines is a double ditch surveyed and laid off under the personal supervision of General George Washington, showing the division between the Mount Vernon and Gunston estates.

This tract is now for the first time passing out of the Mason family. The original mansion was destroyed during the war between the states, but a new house was built some time after.

The sale was made by the Farms Department of the local firm of Slaymaker-Schneider Corporation, of which M. L. Horner is manager, who reports having several other deals pending with parties from New York and the West for large tracts in Mount Vernon District.

AUTOMOBILE HORRORS.

Seventeen Persons Meet Death in Accidents Sunday.

New York, Sept. 18.—Five persons were killed, two probably mortally injured and four others less seriously hurt early yesterday, when an automobile in which they were riding crashed through a guard rail on a bridge across the Harlem River. The five who lost their lives were hurled from the bridge to the roadway, 25 feet below, while the others were crushed under the wreckage of the car.

Quakertown, Pa., Sept. 18. — A party of six automobilists, all from South Bethlehem, Pa., were killed when their car was struck by a train at a railroad crossing near here yesterday. The victims were William Hunsicker and his wife and J. A. Kneff, his wife and two children.

At that place where the accident occurred there are steep grades, on each side of the railroad tracks, and on one side of the highway was a large pile of lumber. It is believed that Mr. Hunsicker, who was driving, did not see the approaching train.

TRADES UNIONS WAVER

Threatened Sympathy Strike In Support of New York Carmen Now Doubtful.

New York Sept. 18. — Doubt was expressed last night that the threatened strike today of craft's affiliated with the car men who quit their places here September 6, would occur. This view was strengthened when Thomas V. O'Connor, president of the International Longshoremen's Association, announced that the members of his union, said to number 35,000, would not be called out before Thursday, "if at all."

Leaders of the various trades unions were secretive with regard to their plans, contenting themselves with the announcement that they were canvassing the returns of the "sympathetic strike" vote of from 70,000 to 80,000 workers allied with transit operation in this city. It was said that many of the local unions listed to participate in the "walk out" today had vested strike call powers in their officers and that the workers would be prepared to leave their places on short notice.

So far as the strike of the carmen is concerned, the heads of the transit lines declared, it was ineffective. Service on subway and elevated lines continued normal and steady improvement was noted on all surface roads.

The Interborough Rapid Transit and the New York Railways Companies announced that strikers who wished their old places back must apply at once as the operating organization of both companies is rapidly being recruited to full strength without them.

Death of Gen. Mills.
